

Cadetship Program participant

Apply now

Are you in Year 12 or alternate education and transitioning into University?

Cadetship is open to anyone who might have experienced tough times at home. Everyone has a different set of life experiences; maybe money is tight, there's mental health issues, family trauma, perhaps you're from an Aboriginal and/or Torres Strait Islander background or maybe you've recently arrived in Australia and have a limited support network.

We'll respect this. So will other people in the program. And we'd love to have you on board.

Get in touch and find out more: doxa.org.au or email cadet@doxa.org.au

We acknowledge the traditional owners of the lands and waters where we work and live

Doxa
Achieving greatness together

Our Cadetship Program can support you through University and connect you with peers and industry professionals so that when you finish university you're one step closer to the job you want.

What's involved?

Doxa's Cadetship is an Employment Pathways program which supports you throughout University and prepares you for the workplace. It's a three to five year program, dependent on the length of your degree.

As a Cadet you will become part of an amazing community and receive the support to stay at University and achieve your future aspirations.

What's on offer?

-  Weekly financial assistance for living expenses
-  Up to eight weeks work placement each year
-  Professional development and vocational training
-  Skilled mentors to guide and support you
-  Annual book and online resource allowance
-  Community of Cadets and Alumni
-  Industry networking and volunteering opportunities

The Cadets' Professional Development and transferable skills

Year 1

Communication skills
Working in teams
Networking
Goal setting
Personal branding

Year 2

Stakeholder management
Presentation skills
Career navigation
Digital work skills

Year 3
